

# Adobe Captivate e-Learning Essentials - 2 days

## Pre-requisites

There are no pre-requisites for attending this course; however, participants are expected to have a general understanding of personal computers and the Windows operating system.

## Description

### Do you need to:

- Design and develop eLearning Resources for using SCORM 1.2
- Create interactive eLearning lessons
- Record, import and edit audio, and further enhance the learner experience by adding interactivity via buttons, video, 360 photos, quizzes and import PowerPoint into Captivate

## Aim

This course is designed for **Adobe Captivate 2019** users who need to quickly create and easily maintain eLearning materials, software demonstrations, or simulations without having to learn how to program.

## Learning Outcomes

### At the completion of this course you should have the skills and knowledge to:

- Create and publish demonstrations, simulations, and assessments that incorporate a rich variety of multimedia content
- Use 360 photos to create a workplace simulation or immersive learning environment
- Develop e-Learning that is SCORM 1.2 Compliant
- Develop eLearning projects that incorporate:
  - Software Demonstrations & Simulations
  - Incorporate existing PowerPoint files
  - Quizzes and knowledge checks

## Topics Covered
