

Adobe Premiere Pro Essentials – 1 day

Pre-requisites

This course is for beginners. You do not need any previous knowledge. We will start right at the beginning and work our way through step by step. Students should, however, have a strong working knowledge of Windows.

Description

Do you need to?:

- Learn how to best utilise **Adobe Premiere Pro** for your video editing projects for social media, websites, product demonstrations to corporate videos and other promotional or educational purposes?

Aim

Video editing is the art of assembling video, audio, images and titles into a cohesive sequence that tells your story and the last part of the video production process. This Adobe course is designed to enable you to get your message across with maximum impact using the powerful and flexible video editing capabilities of **Adobe Premiere Pro**.

Learning Outcomes

At the completion of this course you should have the skills and knowledge to:

- Utilise Premiere Pro for your video editing projects.
- Created animated graphics, green screen and edit video, sound and graphics.
